## SUMMARY

---

Final-year Computer Science undergraduate with hands-on experience in **iOS development (Swift, SwiftUI, UIKit)** and **AI/ML**. Vice President at Galgotias Tech Council with strong leadership in national-level tech events and hackathons. Focused on building scalable, user-centric products at the intersection of mobile technology, AI, and healthcare.

## EXPERIENCE

---

### Vice President – Strategy & Social Media, Galgotias Tech Council

Sep 2025 – Present

- Leading strategy, branding, outreach, and digital growth initiatives.
- Managing cross-functional teams and national collaborations.

### Vice President – Events, Galgotias Tech Council

Oct 2024 – Sep 2025

- Planned and executed large-scale hackathons and technical conclaves.
- Mentored teams, handled sponsorships, and expanded community reach.

### iOS App Developer Intern, Infosys

Mar 2025 – Apr 2025

- Built iOS applications using Swift, SwiftUI, UIKit, and Core Data.
- Worked in Agile teams, integrated APIs, and optimized app performance.

### Google Cloud Innovator, Google Developer Experts

Oct 2023 – Oct 2024

- Conducted cloud workshops and mentored developers on Google Cloud fundamentals.

## PROJECTS

---

### AyuMetra – iOS Health & Wellness Application

- Built an elderly specific iOS application to support their mental and emotional well-being.
- Delivered a scalable iOS app with smooth UX and reliable data handling.
- SwiftUI based interface, Core Data integration, modular architecture.

### FinAIze – AI Financial Planning Assistant

- Provide AI-driven financial guidance and planning support to users.
- Developed an intelligent advisory system offering personalized insights.
- ML-based recommendation logic, clean UI, real-world financial scenarios.

### Fleet Management System (Infosys Internship)

- Digitize and optimize fleet monitoring and operational workflows.
- Built a performant iOS application for real-time tracking and management.
- API integrations, SwiftUI views, optimized data flow and navigation.

## EDUCATION

---

2022 – 2026 **B.Tech in Computer Science**, Galgotias University

2024 – 2025 **iOS Student Development Program**, Galgotias University

## SKILLS

---

Programming : Swift, C++, Java, Python, HTML/CSS  
Technologies : React.js, Node.js, TailwindCSS, Core Data, REST APIs  
Tools : Microsoft Office, Excel, Google Workspace, GitHub  
Skills : Agile, Scrum, Leadership, Problem Solving, Team Collaboration

## CERTIFICATIONS & HONORS

---

AWS Academy ML Foundations • Google Cloud Innovator • Certified Bug Tester • SIH 2023 • Tata Imagination Challenge 2023
